All you have to do is scan your completed Repair Orders to our system and they are ready to use.  
You can search for them by RO Number, Date, or anything on them just like a web search.

Never worry about an audit again.  
No upfront cost | Pennies per RO

We are so sure that RO Finder will solve your Repair Order "filing and finding" needs that we are willing to let you try it **for free**.

- 
- ✦ Cloud-based
  - ✦ Doesn't require IT resources
  - ✦ Unlimited users
  - ✦ No extra work

Here is an example of a typical Repair Order processed by docMgt. All the dealership had to do is scan the completed ROs into the system, nothing else!

As you can see in the examples below docMgt read the ROs and now anything on them is searchable. All of this was done with technology not people.
